

### **Equestrian Queensland Price Float Winner 2011**

“Well, it is always exciting to get a new float, but when it comes for the price of a raffle ticket, it is just that much sweeter. My new Nathan Float is fantastic! I was expecting a stock standard type float, but when it rolled in, I was speechless. This one has it all! Beds, cupboards, lights, lift up door, tack box, saddle racks etc. The float is incredibly well balanced on the road, and tows as light as a feather, and most importantly, my horses load happily into it and travel well. The finish is superb and I cannot fault the design or construction. In fact, the float is so impressive; two of my friends have now bought themselves a Nathan Float each too! I feel so honoured to have been the winner of this amazing float, and I am incredibly thankful firstly to Nathan Floats, who donated it, and EQ, who raffled it. Thanks guys!”
