

## **Testimonial**

Hi Mark

Just wanted to touch base and to let you know that my gooseneck is fantastic and I am extremely happy with it. Right from the very beginning with my initial inquiry, you and your staff have been very professional and helpful and friendly and made the whole experience a pleasurable one.

The after sales service has also been great and I have received heaps of comments with regard to the standard of finish on it.

And, not least of all, my horse, Pappy, who shall we say, has always been a bit temperamental about loading, has no problems with it and is happily going without any hesitation (and that makes me happy!!)

Kind Regards

Lee Mitchell
